**TETRA Technologies, Inc.**

General Office: The Woodlands, TX 77380

Phone: (281) 367 1983

**RECOMMENDED APPLICATION RATES**

**Golf Greens:**

For the removal of harmful sodium buildups apply 1-2 qts of Sodex<sup>®</sup> per 1000 sq. ft. depending on severity of problem. Make repeated applications two to four weeks apart as needed.

Apply through fertigation system only.

**Golf Fairways and Lawns and Landscaped areas:**

For the removal of harmful sodium buildups apply 1-2 qts of Sodex<sup>®</sup> per 1000 sq. ft. depending on severity of problem. Make repeated applications two to four weeks apart as needed.

Apply through fertigation system or Broadcast spray followed by immediate irrigation.

Do not exceed recommended rates of Sodex<sup>®</sup> in any single application without first consulting your Turf Specialist.

**GENERAL INFORMATION**

Sodex<sup>®</sup> is a soluble electrolyte solution which reduces excess sodium levels and stimulates biological activity in soils.

**WARNING:**

Harmful if swallowed.  
Avoid breathing spray mist.  
May cause irritation of nose, throat, and/or skin.  
Avoid contact with eyes, skin and clothing.

If swallowed: If victim is conscious, have victim drink water or milk. Never give anything by mouth to an unconscious person. Get medical attention.

If in eyes: Wash eyes with plenty of clear water for at least 15 minutes. Get medical attention.
